

Four Ways to Go Super

We took the most popular Netplex® components and added new opportunities for height that everyone can enjoy. Choose from four preconfigured Super Netplex designs that can take kids up to 12 feet high—including kids of all abilities. The center spiral belting with grippy texture provides an easy way for everyone to climb to the top for a whooshy ride down one or more slides. Now everyone can enjoy the spectacular view from up top while those watching below have perfect sightlines to all the activity. With lots of climbing, spinning, bouncy fun and plenty of places to hang out, any one of these playstructures will be a super addition to your playground.

Contact your local playground consultant today to learn more at 888.438.6574 or 763.972.5200. Or visit playlsi.com.
